East Hampton Historical Farm Museum

Dear Local Business Owner,

Our new non-profit Farm Museum is looking for financial assistance to ensure that we can continue to educate people on the rich history of farming in East Hampton. **We are having the following fundraiser next month and hope that you can donate a raffle prize.** I know that there are many good causes all vying for your donations. Any gift will help us educate future generations about farming and lifestyles during the turn of the century. We have many exciting exhibits and lectures planned and hope you can visit the museum soon.

Thanks for your support,

EHHFM Board
